A

Accounting
British construction plant record system. H. W. Richardson 388
Mechanized accounting used in handling construction payrolls 394

Aeronautics

Air boat built under laminated arches. n*260
Airports
Appropriation for airport program approved n356; n551
Arabia—construction started of airfields n641
Argentine engineers here to study airports n37
Bill introduced to provide aid for airport work n21
Bloomington, Ind. airport (unit prices) 824
Boston's airport assured rapid transit n148
British construction plant record system. H. W. Richardson 388
British experimental airstrip n*470
Charleston, W. Va. airport construction n*208; n*626
Cover on unpaved surfaces of airports established and maintained. Lt. Col. R. H. Morrish *240
Device for removing sections of Marston mat *746
East Boston work to be expedited n756
Guam transformed by blood and sweat. H. W. Richardson *284
Hangars
G. E. test laboratory n*565
Largest air boat built under laminated arches n*260
Three blimp hangars destroyed in Florida hurricane n*353
Illinois and Minnesota move to aid airport expansion n417
Kansas City plans expansion n345
Landing field atop Oregon building n622
Laws in 12 states zone airport hazard areas 579
Marianas Is.—asphalt plant for an island airbase. Alexander Kerisey *669
Marianas—Tinian Island airbase construction. P. J. Halloran 302
Marianas Is.—Tinian Island airfield has parallel runways n*698
Mexico City airport to be enlarged n265
Moffet Field, Calif.
Paving for the biggest planes in sight *26
Navy tests proving practicality of defogging devices for airfields n*759
Okinawa was ready. H. W. Richardson *422
Pacific Island runway surfaced with volcanic sand 112
Panama airport to be started n*215
Pittsburgh airport enlarged n217
Puerto Rico to build five airports n480
Saipan airfield may become permanent U. S. base n*410
San Francisco votes airport expansion n693
Shoulder gutters check airfield erosion. H. A. Scott *732
Snow clearing at Presque Isle, Me. *373
Snow handling at Manchester, N. H. and Montreal, Canada *376
Soil samples collected at overseas airbases n764
Summit-Stark County Airport receives priority n89
Wind tunnel, Moffet Field, Calif. steel erection. G. R. Lunt *362
Africa
Liberian port constructed n*481
Air compressors
Fabric cells used for underwater salvage *494
Air raids and protection
Shelter at Puget Sound Navy Yard, Wash. n*642
Alaska
$100 million construction work planned. n469
Seabees seek oil deposit in Alaska n698
Aluminum
How and when to use aluminum alloys. R. L. Moore *518
American Association of Engineers
Change in labor laws sought n465
American Association of State Highway Officials
Cancels 1945 meeting n8
American Institute of Steel Construction
Promotional program n631
American Public Works Association
Congress n*639
American Road Builders Association plans no road show for 1946 ..... n464
American Society for Testing Materials
Business meeting n10
American Society of Civil Engineers
Public relations bureau named n645
Service for young engineers n851
To resume quarterly meetings n553
American Water Works Association
Change in officers n14
American Welding Society
Meeting, annual medal awards n556

Aqueducts

Delaware Aqueduct see also Merriman Dam
Salt Lake Aqueduct calls for bids n*836
San Diego aqueduct
Navy to finish aqueduct n547
San Jacinto pipeline contract let n90
Third contract awarded n217
Work started n407
Arabia
U. S. forces building airfields n641
Architects
Hospital association lists architects n692
Unregistered architect denied fee by Minn. court n547
Associated General Contractors
Board meeting n22
Chicago meeting n623
New York State Chapter meeting n769
Associations
Meetings freed by new ODT order n357
H. W. Richardson *397

Atomic Power

Atomic achievement e223
Atom-bomb tested builders' skill *197
Atom producers get "E" n418
Atomic plant building directed by young men n216
Canada's contribution toward the atomic bomb n273
Clinton—a monument to teamwork. Col. E. H. Marsden *781
Construction and atomic energy e777
Construction for atomic bomb production 778
Constructors share credit for atomic bomb n145
Gaseous diffusion plant at Clinton Engineer Works. J. F. Hogerton *800
Hanford plutonium plant construction. Col. F. T. Matthias *784
Hanford site related to power. W. C. Heston 266
Nagasaki atomic bomb damage n*834
Nagasaki, Japan, ruined by atom bomb. H. W. Richardson *397
Oak Ridge, Tenn. electromagnetic plant built over faulted rock. Kerr & Brown *795
Oak Ridge, Tenn. electromagnetic plant construction *791
Oak Ridge, Tenn. water supply and sewage works for the atomic bomb city. Crosby & Streander *819
Thermal diffusion plan at Clinton Engineer Works built rapidly. Lt. Col. M. C. Fox *795
Australia
Green timbers in Australian structures. Ian Langlands *290

B

Beach erosion see Shore protection
Beams
Concrete beams made stronger by pre-stretched reinforcement 244
Influence lines. L. A. A. Mess 1 419
Moment distribution. J. C. Rathbun 1 857
Moment distribution. J. J. Polivka 1 150
Moment ratios simplify continuity analysis. F. S. Merritt, pt. I, *604; pt. 2 ..... *672
Tests of lapped reinforcing bars indicate effect of lug height 872
Tests on creosoted laminated stringers. O. H. Schrader, Jr. *650

Blasting

Coral limestone on Guam blasted to build Port Apra breakwater. R. P. Day *496
Scotch tape speeds connections and saves copper in blasting. P. C. Ziemke *56
Working quarry with primary and secondary blasting by "dobying" for aggregate production at Fontana Dam. J. B. McKamey *232
Bolivia
Extensive irrigation program planned .. 370
Bonds
Bond elections set to finance building . n771
Idaho municipal bonds on more liberal basis n19

Book Review

Air conditioning analysis. William Goodman 185
American planning and civic annual ed by Harlean James 185
Atomic energy for military purposes. H. D. Smyth 608
Building construction estimating. G. H. Cooper 57
Building insulation. P. D. Close 185
Building today. M. S. Briggs 57
Building trades blueprint reading. J. R. Dalzell 324
China's struggle for railroad development. Chang Kia-Ngau 185
City development; studies in disintegration and renewal. Lewis Mumford ... 57
Construction steelwork simply explained. Oscar Faber 324
Elementary surveying. Breed & Hosmer 57
Engineering preview. L. E. Grinter ... 185
Fire protection through modern building codes. R. L. Wood 58
Guaranteed annual wages. Chernick & Hellickson 608
How to solve it. G. Polya 57
Introduction to soil mechanics. W. L. Lowebrown 324
Maintenance manual. E. L. Worthington 608
Manual of traffic engineering studies ... 454
Mechanical and electrical equipment for buildings. Gay & De Van Fawcett ... 58
Mosquitoes of North America. Robert Matheson 324
Municipal year-book, 1945 185

New architecture and city planning ed by Paul Zucker..... 57
Piping handbook. Sabin Crocker..... 324
Postwar fiscal requirements. L. H. Kimmel & others..... 57
Procedure handbook of arc welding design and practice..... 454
Simplified design of structural steel. Harry Parker..... 57
Standard specifications for highway bridges..... 454
Track and turnout engineering ed by C. M. Kurtz..... 324
Translation key to Kleinlogel Rahmenformeln. F. S. Morgenroth..... 454
Breakwaters see Shore protection

Bridge Accidents and Failures

Boston bridge over the Charles wrecked by boat..... n855
Hudson & Manhattan RR crashes Passaic River lift bridge..... n855
New Hampshire covered bridge collapses during floods..... n*482
San Francisco-Oakland Bay Bridge Authority repaid for plane crash damage..... n623

Bridge Construction

Abutment of precast concrete blocks for small county bridge in Ohio. H. M. Mumaugh..... *744
Bailey military bridge fabrication..... *118
France—Paris begins bridge reconstruction. W. G. Bowman..... *572
House approves bridge construction..... n142
Okinawa Island—marines turn bridge builders..... 389
Oregon bridge enclosed during curing period. C. H. Spencer..... *255

Bridge Design

Scissors bridge, portable, developed by Army..... n*408
Tests on new type open bridge floor. Tamen & Muhlenbruck..... *890
Suspension
Dog on bridge. W. R. Osgood..... l 646
Tacoma Narrows bridge redesigned. C. E. Andrew..... *716; e714

Bridge Floors

Pittsburgh—Aluminum alloy bridge floor reported to perform satisfactorily..... 159
Tests on new type open bridge floor. Tamen & Muhlenbruck..... *890
West Point, Va. deck bridge built of precast T-beam units..... *490
Bridge renewals and repairs
Chinese bridge 1800-year old under reconstruction..... n*76
Railroad bridging in the European Theater of Operations. W. G. Bowman, pt. 1, *29; pt. 2..... *103

Bridges

Australia
Hawkesbury River bridge has deep foundation and welded truss..... *864
Bailey military bridge fabrication..... *118
Bills signed for construction of bridges.. n89
Boston to build bridge over Chelsea River..... n566
California park bridge..... n*849
Canada
Quebec bridge planned..... n757
Chicago
State Street work to start..... n*468
China-Burma
Shweli River spanned by Bailey bridge..... n*466
Cleveland
Cuyahoga River bridge bids asked... n272
Delaware River bridge planned..... n471
Florida bridge approaches (unit prices) 456
France
Paris begins bridge reconstruction. W. G. Bowman..... *572
Germany
Aue reinforced concrete girder bridge. Louis Balog..... l*487
First U. S. Army R. R. bridge over Danube..... n*78
Fourteen U. S. built fixed bridges cross the Rhine..... n*132
Great Britain
London—old Waterloo bridge. E. E. R. Tratman..... l 713
Great Lakes
Open new bridge to Manitoulin Island..... n854
Kentucky toll collections cease..... n272
Long Beach, Calif.
Terminal Island bridge work to continue..... n406; n757
Los Angeles
Retracting pontoon bridge is within long Beach Harbor, not Los Angeles. A. A. Knoll..... l 221
Massachusetts bridge and approaches (unit prices)..... 128
Memphis bridge under way.. n86; n626; n643
Minnesota bridge near Wheaton (unit prices)..... Dec. 27, adv. 82
New York City
Whitestone bridge trusses to be stiffened..... n*564
Newark, N. J.
Contractors help public to see pier job..... n627
Ogdensburg, N. Y.
Bridge authorized..... n484
Ohio county bridge uses precast concrete blocks for abutment. H. M. Mumaugh. *744
Okinawa Island
Marines turn bridge builders..... 389
Pan American Highway
Finish road bridge linking Argentina and Brazil..... n*692
Pecos River, Tex.
New railroad bridge. H. J. Engel.... *654
Pittsburgh
Aluminum alloy bridge floor reported to perform satisfactorily..... 159
Railroad bridging in the European Theater of Operations. W. G. Bowman, pt. 1, *29; pt. 2..... *103
Railway bridge moved to serve another railway..... n*141
San Francisco-Oakland Bay Bridge
Site survey planned for second bridge. n643
Scissors bridge, portable, developed by Army..... n*408
Seattle, Wash.
Toll bridge revenue for 1944..... n265
Tacoma Narrows bridge redesigned. C. E. Andrew..... *716; e714
Tasmania
Floating concrete arch bridge..... *181
Tennessee-Arkansas bridge
Substructure (unit prices)..... 326
Timber bridge on logging road advertises product it transports..... *102
Vermont highway bridge (unit prices).. 544
Waterloo Bridge goes to Holland..... n83
West Point, Va.
Deck bridge built of precast T-beam units..... *490

Building accidents and failures
New York City
Empire State Bldg. intact after bomber hits 79th floor..... n*129

Building Construction

Clinton Engineer Works obtain firm foundations by compacted fill. Watson & Bradley..... *819
Clinton Engineer Works power plant was built in 10 months. J. D. Watson.... *807
Clinton—a monument to teamwork. Col. E. H. Marsden..... *781
Hanford plutonium plant construction. Col. F. T. Matthias..... *784
Manufacturers announce big new building plans..... n345
Oak Ridge, Tenn. building a city from scratch. E. A. Wande..... *815
Oak Ridge, Tenn. Clinton Engineer Works built over faulted rock. Kerr & Brown..... *795
Oak Ridge, Tenn. construction organized for $5,000,000 a month payroll. E. L. Jones..... *804
Oak Ridge, Tenn. electromagnetic plant construction..... *791
Oak Ridge, Tenn. gaseous diffusion plant at Clinton Engineer Work. J. F. Hogerton..... *800
Oak Ridge, Tenn. surveying for fast construction. H. R. Kornberg..... *812
Oak Ridge, Tenn. thermal diffusion plant built rapidly. Lt. Col. M. C. Fox.... *798
Pacific Islands—hospitals built of sheet steel..... *729
Private building upswing..... n351
South American construction practices. A. J. Boase..... *292

Building Design

Aluminum alloys in structural engineering. R. L. Moore..... *518
Building vs. bomber. T. R. Higgins..... l 151
Column stress by successive deflections. L. T. Wyly..... *660
Composite rigid frames. V. S. Murray. l 186
Concrete building design trend shaped by clear space needs. A. J. Boase.... *530
Cutting costs with modular design. A. G. Lorimer..... *508
Earthquake resistant
Hawaii constructs rigid-frame Army hospital..... *44
Huts, Quonset, help to transform Guam. H. W. Richardson..... *284
Light-gage steel for peacetime building. Milton Male..... *525
Moment ratios simplify continuity analysis. F. S. Merritt, pt. 1, *604; pt. 2..... *672
Sidesway in frames. M. W. Rosenstein..... l 713
Tasmania—floating concrete arch bridge *181
Wartime innovations in timber design. A. G. H. Dietz..... *514
Welded steel construction developments. La Motte Grover..... *535
What to expect in new building materials and equipment..... *539
White Oak, Md. Laboratory with non-magnetic properties..... n*554

Building Laws and Regulations

ASA approves three building standards. n45
Central testing bureau urged. W. H. Wheeler..... l 15
Experience with state building codes.... *38

Buildings

Cleveland
Drive for hospitals to start..... n83
Dallas County, Tex.
Hospital bonds voted..... n35
Evanston, Ill.
Northwestern University to build hotel..... n70
Harrisburg
Capitol dome repair reconstruction with aid of pipe scaffold..... n*20
Hawaii
Army hospital designed to resist earthquakes..... *44
Hospitals for veterans—19 locations approved..... n53
Naval Ordnance laboratory approved.... n45
New York City
Brooklyn civic center land acquired.. n62
Empire State Bldg. intact after bomber hits 79th floor..... n*129
Interstate Commerce Center planned with truck road to all floors..... n*13
Produce market planned..... n*12
Rockefeller Center to add skyscraper, the Esso building..... n344
Oak Ridge, Tenn.
Atom-bomb plants tested builders' skill. H. W. Hunt..... *197
Atomic plant—Clinton Engineer Works, Tenn..... n*259
Building a city from scratch. E. A. Wande..... *815
Clinton Engineer Works—atomic bomb production..... *778
Clinton Engineer Works built over faulted rock. Kerr & Brown..... *795
Clinton Engineer Works power plant was built in 10 months. J. D. Watson..... *807
Clinton—monument to teamwork. Col. E. H. Marsden..... *781
Compacted fill equals natural ground. Watson & Bradley..... *819
Gaseous diffusion plant at Clinton Engineer Works. J. F. Hogerton.... *800
Men and materials for a $427,000,000 job..... *791
Surveying for fast construction. H. R. Kornberg..... *812
Thermal diffusion plant built rapidly. Lt. Col. M. C. Fox..... *798
Pacific Islands
Hospitals built of sheet steel..... *729
Pasco, Wash.
Atom-bomb plants tested builders' skill. H. W. Hunt..... *197
Hanford plutonium plant construction. Col. F. T. Matthias..... *784
Philadelphia
School buildings planned..... n70
Portland, Ore.
Landing field atop office-building.... n622
Rochester, N. Y. Hospital planned..... n756
Rochester
War memorial building to be erected. n70
Washington, D. C.
Appropriation for roof of Capitol.... n89
White Oak, Md.
Laboratory buildings with non-magnetic properties..... n*554

C

Cableways

California to build Mt. Jacinto tramway..... n709
Lowell, Vt. mile-long tramway..... n*209
Norfolk Dam construction cableways. H. V. Pittman..... *878
Canadian Builders Supply Association Meeting..... n764
Canadian Council of Professional Engineers
Ask more civil service pay..... n691

Canals

All-American canal
Construction of check structure (unit prices)..... Dec. 27, adv. 82
Conchas Canal tunnels nearing completion..... n*217
Deschutes Canal unit finished..... n135
Friant-Kern Canal started..... n213; n477
Madera Canal completed, unit of Central Valley Project..... n2
Panama Canal construction needs to be surveyed..... n695
Sault Ste Marie canal wall concreted in winter..... *94
TVA drainage canals aid mosquito control in reservoir areas. H. W. Davis.. *229

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Wasteway, Coachella Canal, Calif. (unit prices) 456
Carey, William F. resigns from post of Sanitation Commissioner n*839
Caves and tunnels on Iwo Jima. Lt. Comdr. W. J. Thompson *208

Construction Industry Advisory Council liaison committee named n691
Chimneys
Tallest chimney in the East n*11
China
Rail construction planned n280
Reclamation Bureau engineers to aid power, irrigation project n*771
Cities
Seattle charter strengthens qualifications for engineer and building superintendent n565
Columns
Column stress by successive deflections. L. T. Wyly *660
Concrete column formulas. J. P. Michalos ..... l 569
Committee for Economic Development
Postwar survey sponsored by Action and Advisory Committee n135

Concrete

Aggregate production at Fontana Dam. J. B. McKamey *232
Beams made stronger by prestretched reinforcement 244
Bond stress formula for different size bars. Ernest Zbinden *126
Concrete building design trend shaped by clear space needs. A. J. Boase *530
Concrete column formulas. J. P. Michalos ..... l 569
Coral—a good aggregate in concrete. J. R. Perry *174
Dams
Altus Dam rebuilt as gravity structure with masonry facing used as forms. W. S. Byrne *860
Structural behavior of Fontana Dam revealed by dual-purpose instruments. W. R. Waugh *664
Flexible concrete mat for river revetment n*338
Forms
Concrete without forms. C. J. Seibert ..... l 151
Norfork Dam form linings for concrete surfaces. H. V. Pittman *584
Natural cement containing air-entraining agent blend improves concrete. C. E. Lovewell *100
Old bed frames used for reinforcing concrete. H. T. Nelson *126
Precast concrete blocks for small bridge abutment in Ohio. H. M. Mumaugh ..*744
Prestressed concrete design. Louis Balog l*487
Reinforcing—tests of lapped reinforcing bars indicate effect of lug height. 872
San Francisco graving docks precast forms from concrete and set them deep under water *868
South American construction practices. A. J. Boase *292
Triaxial testing machine built by Bureau of Reclamation. Blanks & McHenry. *171
